WAGON & CARRIAGE MAKING.

C. PERRIN is constantly enlarging his busi-
ness and improving his facilities for doing good
work, and respectfully solicits an enlarged public
patronage. His customers will generally find him
prompt, attentive to business, and anxious to accom-
modate those who pay for their work. He is pre-

Teamsters, Buggies of the most approved and taste-
ful styles; Pleasure Carriages of all kinds; Carry-
Dreys, Timber Wheels, &c., &c. His work will be
made of the best materials, in a good substantial
manner, and on reasonable terms.

He keeps constantly on hand for sale, LUMBER
WAGONS, ONE HORSE WAGONS, CUT-
TERS, SLEIGHS, &c.

Farmers, Look Here!

He manufactures Ball & Post's CULTIVATOR,
a new article patented April 6th, 1852, to which he
would call the attention of agriculturists. As a la-
bor-saving machine, it is capable of doing double
the amount of work of any ordinary Cultivator.—
This implement has two long shares, one on each
side, constructed of steel, and fastened on the mould
boards in such a manner as to move the entire sur-
face of the ground, thereby cutting all roots and
weeds that come in contact with the shares which
may be graduated by the cleys to run from two to
six inches in depth.

The three small plows attached to the shares an-
swer the same purpose of the common tooth culti-
vator, and in addition to the shares and plows, is a
metallic blade rake attached to the rear of the Cul-
tivator, which serves to cut and break up the soil
and hard lumps, leaving the earth in a fine and pul-
verized condition. The effectiveness of this cultiva-
tor renders second hoeing unnecessary, which is a
saving of time and labor.

Mr. Perrin also manufactures a larger sized ma-
chine, constructed upon the same principle as the
above, but with larger shares, and containing two
small plows in addition to the corn cultivator, which
is designed to put in grain, and working upon sum-
mer fallows. They are light, and of durable con-
struction, readily loaded and of easy draught.

This CULTIVATOR obtained the first premium at
the Ohio State Fair, held at Cleveland in Sept., 1852.
